Winston Salem, North Carolina, Monday, February 14, 2011 ***For Immediate Release***

SkyQuest International, LLC, on behalf of Fayard Enterprises, LLC (Wake Forest, North Carolina USA), arranged the sale of one (1) CASA 212-300 Aircraft to Evergreen Helicopters (McMinnville, Oregon USA)

###

The CASA is a turboprop powered STOL medium transport aircraft. The C-212 has a high mounted wing, boxy fuselage and a conventional tail. It has space for 21-28 passengers depending on configuration. Since the C-212 does not have pressurized fuselage it is limited to relatively low flight level airline usage. This makes it ideal for short legs and regional airline service.
