SkyQuest International Sold one (1) Pilatus PC-6/B2-H2 Turbo Porter

Winston Salem, North Carolina, Wednesday November 5, 2008 - ***For Immediate Release***

SkyQuest International, LLC, (North Carolina, United States) as the exclusive agent on behalf of Paraclete Aviation LLC (United States) sold One (1) Pilatus PC-6/B2-H2 Turbo Porter (serial number 790) to EP Aviation LLC (United States).

The Pilatus PC-6 Turbo Porter, best known under the name "Turbo Porter", is a STOL- (short take off and landing) multi-purpose airplane designed and built since 1959 by Pilatus Aircraft Ltd in Stans, Switzerland. The outstanding features of the single engine Turbo Prop are: extremely short take off and landing distances (a football field is sufficient), remarkable climbing performance, high robustness, large additional load in relation to the dead weight. It can land equipped with skis on glaciers and with floats on water and it's an ideal airplane for parachuting.
